

# My favorite Pokémon!

Here, you can read  
the names of the teacher's  
favorite Pokémon!

**Venusaur** (*Florizarre*) is probably the Pokémon I prefer. Bulbasaur was my first Pokémon ever and was overjoyed when I saw it evolve. Venusaur is a powerful toad, with a beautiful flower on its back. It catches the sun's rays and converts them into energy. This Pokémon is kind, loyal, and reliable. It has a special place in my heart.

**Exeggutor** (*Noadkoko*) looks like a coconut tree. It has three to six heads, which resemble coconuts. Each head thinks independently of the others, so it makes a lot of noise, because each head speaks its mind. I find this Pokémon very funny and a little weird.

**Alakazam** has a great look! It is also very smart: its brain is very heavy and it can solve a lot of problems (he has an extremely high IQ). It has one spoon in each hand. It is a psychic Pokémon.

**Nidoking** is a huge Pokémon. I think it looks awesome! There is a long, venomous horn on its forehead. Nidoking looks very confident and strong, and he can break the bones of his enemies.

**Artikodin** is a legendary Pokémon. It is a majestic bird and it looks great! It has blue feathers. It is very elegant and I love its look. I'm a big fan of this creature!

**Snorlax** (*Ronflex*) is a lazy and fat Pokémon. It sleeps all the time! But be cautious: it can be very aggressive after it wakes up. It is always hungry... and can eat up to 400kgs of food! I find this monster strange and funny!
